

HCLUST::Diana::get  
\_clusters

FoldingEngine::stochastic\_fold

```
graph LR; A[FoldingEngine::stochastic_fold] --> B[HCLUST::Diana::get_clusters]
```

The diagram illustrates a function call. A blue arrow points from the 'FoldingEngine::stochastic\_fold' box on the right to the 'HCLUST::Diana::get\_clusters' box on the left. The 'HCLUST::Diana::get\_clusters' box is shaded gray, while the 'FoldingEngine::stochastic\_fold' box is white with a black border.
