

AuxModel::calculate
_posterior

```
graph LR; A[AuxModel::calculate_posterior] --> B[BPTableTmpl::load]
```

A diagram showing a call from the function `AuxModel::calculate_posterior` to the function `BPTableTmpl::load`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

BPTableTmpl::load
